

Duxford Airfield (EGSU) Drone piloting and obtaining permission

It is your responsibility to comply with the rules associated with drone flying.

On 13th March 2019 the drone flying restrictions near airfields changed. To ensure you are flying safely and legally please visit www.dronesafe.uk, published by the UK Civil Aviation Authority (CAA) and NATS (National Air Traffic Services).

Unless you have permission from Air Traffic at Duxford it is illegal to fly your drone/UAV at any time within the Flight Restriction Zone (FRZ) shown below.

To obtain permission to fly your drone, complete the [request form](#).

Please allow at least 72 hours for permission to be granted by the airfield team.
